

EFFECTIVE

March 1, 2017.

Subject(s)

JJ2 265, DNA Profiling

Policy has been updated to reflect changes to the:

- The DNA Identification Profiling Systems Act, 1990 PA 250, as amended, MCL 28.172 et seq.;
- The Michigan Penal Code, 1931 PA 328, as amended, MCL 750.1 et seq.; and
- The Probate Code of 1939, 1939 PA 288, as amended, MCL 712A.1 et seq.

The amendments of 2014 PA 457, 2014 PA 458, and 2014 PA 459, effective July 1, 2015, expanded the types of crimes which require a juvenile to provide a DNA sample and allow for a DNA sample to be collected upon arrest. Offenses requiring a sample to be collected have been updated and the process required of the juvenile justice specialist to verify that a DNA profile has been completed has been updated. Guidance is provided on how to request destruction of a DNA sample and profile when a charge has been dismissed or a youth is acquitted of an offense.

The address and contact information for the Michigan State Police CODIS Section has been updated.

The legal basis for the policy has been updated and policy contact information was added.

Reason: 2014 PA 457, 2014 PA 458, and 2014 PA 459, effective July 1, 2015; and Michigan Department of State Police changes.

Forms

The DHS-62, Delinquent Youth DNA Profile Verification, has been updated and the previous version is obsolete.
